Scalo Porta Genova

Milan

On the occasion of the Milan Art Week 2024, **MEGA** will be a meeting place dedicated to contemporary art, which will host a selection of **international galleries**, artists, and independent magazines. For its first edition, MEGA has found its home in the **Scalo of Porta Genova**, moving within a reclaimed space, contributing to revitalizing an urban redevelopment project in the heart of Milan and working closely with the Tortona-Navigli district and its residents. The **17 participating international galleries** include König gallery, emerging Milanese talents like L.U.P.O and F2T, as well as rising stars from London such as Harlesden High Street and Nicoletti.

Conceived by **BeAdvisors Art Department** and **Mattia Pozzoni Art Advisory** together with **Fabio Lucarelli** and **Burro Studio**, open until late every evening, MEGA aims to become a city space where people gather to chat, have a drink, listen to music and talks, connect artists, gallery owners, curators.

MEGA is an exceptional event on the Milanese and Italian artistic scene and leverages a moment of great visibility for the city of Milan and for the Italian artistic and creative system on an international level. Significant is the dialogue woven with various local, national, and international entities and institutions that encourage the resonance of the event and its active impact on various fronts.
